令和7年度第2号 令和7年5月23日

English version May 29th

### Pick-up training

We conducted an evacuation drill on May 1st, simulating a major earthquake. A major feature of this drill is that it was conducted in collaboration with two nearby elementary schools. We asked the children to think about the best route and order to take to pick up their siblings from their schools. By actually going to the school, we think they were able to imagine what it would be like in the event of a disaster. We thank all the parents for their cooperation.

### 引き取り訓練

5月1日に大地震を想定した避難訓練を行いました。この訓練の大きな特徴は、近隣の小学校2校と共同で実施することです。きょうだいが通う学校に、どのような経路で、どの順番で迎えに行くのがよいのか、考えて行動してもらいました。実際に通ってみて、災害時の様子を想像されたことと思います。保護者の皆様のご協力に感謝します。

### *Ikuseikai's* taro planting

On the 3rd, the *Ikuseikai* (*Sanchu* District Development Association) held an activity, and students from the volunteer club participated in the "taro planting" experience. They helped with reception and guidance, handed out fertilizer and seed potatoes to the young children who participated, and gently poured water with a ladle to wash their hands. At the end, they also planted the taro. We are looking forward to the harvest.

### 育成会の里芋植え付け

3日は、三中地区育成会の活動があり、「里芋の植え付け」体験にボランティア部の生徒が参加しました。受付や案内、参加した小さなお子さんたちに、肥料や種芋を渡したり、手を洗う水を柄杓でそっとかけたりなどのお手伝いをしました。

## Enthusiastic for the midterm exams!

On the 15th and 16th, the first semester midterm exams were held. Some students were studying hard in the after-school study rooms that were opened this year for the exam preparation period. Some students were seen studying hard individually or in groups, teaching and learning from each other.

Exams are stressful. This was your first junior high school exam, wasn't it? Were you satisfied with the results? To succeed in an exam, it is

important to understand the content, but it is also important to prepare and be mentally prepared before the exam. Your

## 中間試験に発奮!

15、16日は1学期中間試験を行いました。今年から試験の準備期間に開くことにした放課後学習教室で試験対策に励む生徒もいました。個人で黙々と、あるいはグループで教え合う、学び合う姿も見られました。

試験は緊張するものです。1年生は初めての中学校の試験でしたね。満足のいく結果でしたか。試験で成功するには、内容の理解もさることながら、試験前からの準備や心構えなどが大切です。取り組む姿勢によって結果が大きく変わってきます。

attitude towards the exam will greatly affect your results.

"Exam preparation" is not just about answering so-called "questions," but should be considered as a whole approach. In order to come up with a strategy, it is a good idea to consult with your teacher and create your own style.

「試験対策」はいわゆる「問」をこなすだけではなく、そうした全体の取り組み方略だと考えましょう。そして、作戦を立てて臨むためにも、先生に相談して自分のスタイルを作っていくとよいです。

## Sports Festival Approaching

The Sports Festival will be held on Saturday, May 31st. Please send your warm support to the students who will be giving it their all! I think you will be able to understand the significance of the Sports Festival better by observing not only the competitions but also the work of the executive committee and all the people in each department who are working hard to run the event. To simplify the reception process, we ask that parents and family members who plan to attend register online in advance. Information will be provided in newsletters from C4th and each grade.

Register early!
